Dear Mr. Donnalley:

We regret that you were unable to join us for the Federal Executive Seminar on data communications which was held last week. We certainly understand the demands on your time. Transcripts of the seminar sessions are presently being prepared and will be provided to you within the next several weeks. We hope that this material will be of benefit to you and we look forward to having you join us next year.

Yours very truly,

John H. Hurlburt
